## ► EDUCATION

### SOFTWARE ENGINEERING (BACHELOR)

Western University | London, Ontario | 2018-2023

The Software Engineering curriculum deals with components of the software process and technical skills, as well as management skills.

### TRAVEL AND TOURISM (DIPLOMA)

Fanshawe College | London, Ontario | 2019-2021

The program focuses on travel advising and consulting, sales and service, flights and fares, group tour management, package holidays, global distribution systems and hotel operations.

## ► WORK EXPERIENCE

### Web Developer and Designer

TheHealthDepot | London, Ontario | 2020

Responsible for helping deploy the company's tech needs such as building web pages, automation, building scripts, and designing new components. Technology used during this period include HTML, SASS, JavaScript, Shopify Liquid, and PowerShell.

### Technical Cofounder

LingoThyme | London, Ontario | 2020

Helps with fundamental business decisions such as marketing, finances, and normal day to day operations. Responsible for developing the company products. One such product was a web forum to aid in learning. Technologies used during this period include MongoDB, Express.js, React.js, Node.js, HTML5, CSS3, Sass, Bulma, Passport.js, and jQuery.

## ► EXTRACURRICULARS

### Kappa Sigma

Pledge Educator

Prepare people to join the fraternity through the four pillars; fellowship, scholarship, leadership, and service.

### Personal Challenge

52 Weekly Projects

Develop and complete a completely new application every week for the year of 2021. Improves coding, idea generation, and teamwork.
